VISITOR TIPS

- Masks or face coverings are required during your entire visit. Free and disposable masks are available at our front desk.
- Always maintain 6 feet of social distancing.
- Wash your hands frequently and/or utilize our sanitizing stations located throughout the museum.
- Please take the elevator up, and the stairs down. Your experience will begin in the fourth-floor gallery, and exit signs will direct you to use the stairwell coming down through the galleries.
- Museum and gallery capacities have been reduced to allow adequate space to social distance. Thank you for helping us safely adhere to these capacities, as listed to the right and within the gallery spaces.
- Please expect to see interactive spaces and items to remain closed as we promote a low-touch experience.
- Please let a member of our staff know if you have any questions or concerns before, during, or after your visit.
